WELCOME

Whether you are a new or an existing client, we would like to thank you for choosing Park Veterinary Hospital and Hope Valley Veterinary Clinic. Our aim is to provide the best possible health care for your pets in a pleasant, friendly environment.

We are a team of dedicated vets, nurses and receptionists with a wealth of experience. Your pet's welfare is our first concern and we will treat them as we would our own, with care and understanding.

HOW TO GET TO PARK VETERINARY HOSPITAL AND HOPE VALLEY VETERINARY CLINIC

Park Veterinary Hospital is situated at 24 Abbeydale Road South, Sheffield S7 2QN, opposite the main car park entrance to Millhouses Park and is well served by bus routes which pass by it.

Hope Valley Veterinary Clinic is situated at Hathersage Parish Rooms, Main road, Hathersage, S32 1BB. The clinic is well served by bus routes which pass it.

CAR PARKING

There is excellent parking all around Park Veterinary Hospital and Hope Valley Veterinary Clinic.

For Park Veterinary Hospital, Abbeydale Road South parking restrictions apply, directly in front of the practice, between 8am to 9.30am.

For Hope Valley veterinary Clinic, Hathersage has on road parking bays. There is a time restriction of 40 minutes on these bays.

APPOINTMENTS

There is an appointment system although urgent cases are seen at any time. We try to ensure that patients are seen at their appointed time but on occasions there may be unavoidable delays. If such a situation arises the staff will keep you informed of progress.

Before leaving the surgery please arrange any appointments, requested by the veterinary surgeon, at reception. If you need a special time please inform reception - they will do their best to help.

If for any reason you are unable to keep your pet's appointment please telephone and let us know as soon as possible so that your appointment can be re-scheduled and your original appointment re-allocated.

ABOUT US

Park Veterinary Hospital is the only Royal College of Veterinary Surgeons (RCVS) accredited Hospital in Sheffield. We have a range of specialist equipment including ECG, ultrasound, video endoscopy, digital imaging and dental X-ray. We have met rigorous standards set by the RCVS throughout the hospital.

The hospital is also a training centre for veterinary nurses and a training practice for veterinary undergraduates. A full range of medical and surgical treatments and care are available through the hospital.

Hope Valley Veterinary Clinic is a branch of Park Veterinary Hospital. It is accredited to the RCVS Core Standards. A full range of small animal medical treatments and minor procedures are available at Hope Valley Veterinary Clinic but all investigative work and surgery will be carried out at Park Veterinary Hospital.

SURGICAL WORK

At Park Veterinary Hospital there are fully equipped surgical, digital imaging and dental suites. Pre-operative and postoperative guide lines are always given. Approximate estimates will be given for treatment, upon request.

INVESTIGATIVE WORK

At Park Veterinary Hospital there is a well equipped laboratory. This gives rapid diagnostic information for routine and urgent cases. External laboratories are often used for specialist testing. Occasionally the services of veterinarian specialists may be sought by referral.

REPEAT MEDICATION

We request 24 hours notice for repeat prescriptions and medications. Please ring and speak to reception about your requirements. On occasions you will be required to bring your pet for a check to ensure that the treatment is still appropriate – this will be determined by the veterinary surgeon in charge of the case.

PAYMENT & PET INSURANCE

Payment for clinical work is requested at the time of treatment. We support the principle of pet health insurance. If you have a claim it will need to be completed by a veterinary surgeon. Please allow a minimum of 2 weeks for preparation.

To enable pet owners to spread the cost of routine treatment and qualify for additional discounts on other items in the practice, we have designed our own practice membership scheme –

The Pet Healthcare Plan.

THE PET HEALTHCARE PLAN PROVIDES YOUR PET:

- ✓ Annual vaccinations, including a full clinical examination with a vet
- ✓ A six month healthcare check up with a nurse
- ✓ Flea and tick preventative treatment*
- ✓ Worming treatment **
- ✓ 15% Discount on all pet foods (including prescription diets)
- ✓ 15% Discount on surgery fees, e.g. neutering
- ✓ 15% Discount on x-rays and dentals
- ✓ 15% Discount on additional vaccines and wormers (e.g. kennel cough)
- ✓ 50% Discount on primary vaccination courses***

* Each flea & tick preventative treatment lasts 12 weeks. 2 doses dispensed twice yearly.

** The plan includes 4 doses of worming treatment. 2 doses dispensed twice yearly. The Rabbit plan no longer includes additional worming (includes 6 treatments of ecto and endo parasite treatment).

*** Upon payment of the first months fee and minimum of 12 month subscription required.

PLEASE NOTE: Discounts do not apply to private cremations, out-of-hours consultations or referrals.
